CONGRESSIONAL RECORD VOTE CORRECTIONS

The following corrections in official reports of the outcome of roll-call votes during the first session of the 88th Congress have been listed in the Congressional Record.

The lists are subdivided into "Vote Corrections" and "Stand or Announcement Changes." The former involve adjustment of the "Yeas" and "Nays" in the breakdown on Congressional Quarterly roll-call charts; the latter do not affect the breakdown.

The Congressional Record roll-call corrections listed below were inserted in the Record too late for CQ to include on Current Weekly Report vote charts; Weekly Report pages where these votes may be found

are indicated so that you may bring your Weekly Report file into conformity with the Record.

Symbols used in these vote corrections:

Y -- Yea	AN -- Announced Against
N -- Nay	PY -- Paired For
A -- Absent	PN -- Paired Against
AY -- Announced For	GP -- General Pair

In correcting CQ vote charts, see key on chart for appropriate symbols.
